Lecture 23 – 10/28/2015

Pages (330 – 333, 358 – 372)

- o Systems Characterized by Linear Constant Coefficient Differential Equations
    - ▪ Examples 4.24 – 4.26

- o Discrete-Time Fourier Transform
    - ▪ Development
        - • Equations 5.8, 5.9
        - • Examples 5.1 – 5.3
    - ▪ Convergence Issues
        - • Example 5.4
    - ▪ Fourier Transform for Periodic Signals
        - • Examples 5.5 – 5.6
