

## Lecture 25 – 11/2/2015

Pages (375 – 390)

- Properties of Discrete-Time Fourier Transform
  - Differencing and Accumulation
    - Example 5.8
  - Time Expansion
    - Example 5.9
  - Convolution Property
    - Examples 5.11 – 5.14
  - Multiplication Property
    - Example 5.15
