Prof. Fabian Winkler  
Spring 2008

**Assignment 05** (due: 05/02/08 at 10am in Fabian's mailbox)

WWW Portfolio

In the final assignment for EMS1 I ask you to prepare a portfolio of the work you have created in this course (assignments 1-4) and to upload this portfolio in form of a website to a WWW server. The minimum requirement for this assignment is the information included in the WWW template that you can download from the class website. If you like feel free to add to/modify it (content and design).

**Even though I ask you to upload your website, the final form to turn in assignment 5 is a CD-ROM with all the files of the website on it. Please write the URL of your website on the cover of the CD-ROM and make sure to drop off this CD-ROM in my mailbox (Pao Hall 3<sup>rd</sup> fl;oor Art&Design office) by Friday, May 2<sup>nd</sup> at 10am at the latest.**
