

## 1. Lockheed Martin Interview Opportunities

Lockheed Martin Information Session:

Wednesday, March 21

6:00pm at the Stewart Center – Room 318; Refreshments will be served!

On-Campus Interviews

Thursday, March 22

Stewart Center – Career Services

Lockheed Martin still have several openings for Computer Science & Electrical/Computer Engineers (and a few Industrial Engineers) who graduate in May, 2007 with a minimum 2.8 gpa. Interview slots are still available. Students must forward a resume to Beverly Walker at [beverly.a.walker@lmco.com](mailto:beverly.a.walker@lmco.com) no later than noon on Monday, March 19. If anyone is unable to meet this deadline, please attend the Information Session on Wednesday evening. Students will then be added if there are any remaining slots.

Interns are welcome to attend the Info Session as well. Lockheed Martin reps will not be able to interview any interns on campus, however, they would be most willing to take any resumes and present to the hiring managers as requested.

## 2. PSSC research and poster symposium

The Purdue Science Student Council is helping organize the 2007 Undergraduate Research and Poster Symposium. The Schools of Agriculture, Science, Technology and Engineering are involved in this joint venture. It is to be held April 4th in the Purdue Memorial Ballrooms.

This is a great opportunity for students to showcase their research achievements. Please feel free to contact Jennifer Stanley at [jzott@purdue.edu](mailto:jzott@purdue.edu) if you have questions or want more information.

## 3. CTY Summer Employment Opportunities

EMPLOYMENT OPPORTUNITIES

Summer 2007

[www.cty.jhu.edu/summer/employment](http://www.cty.jhu.edu/summer/employment)

**Who:**

Johns Hopkins University - Center for Talented Youth (CTY)

**What:**

We are seeking enthusiastic staff to work in our summer programs. CTY offers intense 3-week academic programs for highly talented elementary, middle, and high school students from across

the country and around the world.

**Where:**

Residential site locations around the country and around the world: California, Hawaii, Massachusetts, Maryland, New York, Pennsylvania, and Rhode Island, as well as in China and Mexico. Day Site locations in the Baltimore-Washington and Los Angeles areas.

**When:**

Session 1: June 21-July 14

Session 2: July 14-August 4

Administrators work both sessions and work June 18-August 6

**Why:**

CTY staff work with exceptional students, make contacts and friendships with dynamic colleagues, and gain valuable experience in a rigorous academic setting.

**Starting Salaries: (per three week session)**

Resident Assistant - \$1,150

Teaching Assistant - \$1,050

Health Assistant - \$1,250

Instructors - \$1,970 - \$2,970

Administrative Positions - please see visit our website ( [www.cty.jhu.edu/summer/employment](http://www.cty.jhu.edu/summer/employment))

Room and board are provided at residential sites

**Positions Available**

(partial list - see website for others)

*Resident Assistant*

Resident assistants (RAs) are responsible for the health and safety of the students in their charge at all times other than when the students are in class. RAs are also responsible for planning and conducting student activities. RAs' working hours are primarily the hours students are not in class, RAs also work weekends.

*Teaching Assistant*

The primary responsibilities of teaching assistants (TAs) are tutoring students, assisting with the paperwork of a class, teaching the class as requested by the instructor, supervising evening study sessions, helping with administrative tasks such as typing and photocopying, and generally helping to ensure that the class runs smoothly.

*Health Assistant*

Health Assistants (HAs) work with the site nurse and site director on site health care issues. They participate in the day to day operation of the site infirmary, keep track of students medications and medical appointments, and accompany students on emergency room or physician visits.

*Residential Program Assistant*

Residential Program Assistants (RPAs) are responsible for providing general assistance at their sites both in the office and with the residential program. Specific tasks and responsibilities can and do change according to each days demands.

*Program Assistants (Day Site Only)*

The primary responsibilities of program assistants (PAs) are tutoring students; assisting with the class paperwork; teaching the class as requested by the instructor; helping with administrative tasks such as typing and photocopying, and generally helping to ensure that the class runs smoothly.

*Instructor*

Summer programs instructors are responsible for teaching an appropriately challenging and rigorous course to approximately 15-18 highly able students (12-14 in Young Students classes).
