15:35 – 16:05: Closing words

Day 3: Wednesday, 19 November 2014

Tutorials in Supply Chain Management

Based on the request of the potential participants we will provide tutorials in the following three topics: (i) Quantifying and managing the impact of uncertainty in supply chains (ii) Distribution Systems and Risks, (iii) Information Systems for managing health care

Based on the schedule participant will be able to choose 2 out of 4 topics.

Schedule

Time	Track 1 in Auditorium II	Track 2 in Auditorium III
8:00 – 10:00	Quantifying and managing the impact of uncertainty in supply chains Presentation: http://web.ics.purdue.edu/~aiyer/Tutorial_uncertainty.pdf	Llamssoft: Supply Chain Design: Enhancing through modeling
10:00 – 10:30	Coffee Break in Lounge Area 1	
10:30– 12:30	Llamssoft: Supply Chain Design: Enhancing decision-making through modeling	Quantifying and managing the impact of uncertainty in supply chains Presentation: http://web.ics.purdue.edu/~aiyer/Tutorial_uncertainty.pdf
12:30 – 1:30	LUNCH in Lounge Area 9otto	
	Track 1 in Auditorium II	Track 2 in Auditorium III
13:30- 15:30	<u>UN Commission on Life-Saving Commodities, Supply and Local Markets Technical Resource Team:</u> Your South-to-South Network: Plenary Session. <i>This interactive session will provide an introduction to the work conducted by UN Commission on Life-Saving Commodities for Women and Children and the Supply and Local Markets Technical Resource Team, resources and tools available through the Commission, and an opportunity to interact with other supply chain implementers. The session will be followed by a reception and networking event.</i>
