

English money, in seven months! Wegg takes it easy, but upon-my-soul to a old bird like myself these are scarers. And even now that Commodious is strangled, I don't see a way to our bettering ourselves." Mr. Boffin added, as he turned his pensive steps toward the Bower and shook his head, "I didn't think this morning there was half so many Scarers in Print. But I'm in for it now!"

## CHAPTER SIX

### CUT ADRIFF

THE Six Jolly Fellowship-Porters, already mentioned as a tavern of a dropsical appearance, had long settled down into a state of hale infirmity. In its whole constitution it had not a straight floor, and hardly a straight line; but it had outlasted, and clearly would yet outlast, many a better-trimmed building, many a sprucer public-house. Externally, it was a narrow lopsided wooden jumble of corpulent windows heaped one upon another as you might heap as many toppling oranges, with a crazy wooden veranda impending over the water; indeed the whole house, inclusive of the complaining flag-staff on the roof, impended over the water, but seemed to have got into the condition of a faint-hearted diver who has paused so long on the brink that he will never go in at all.

This description applies to the river-frontage of the Six Jolly Fellowship-Porters. The back of the establishment, though the chief entrance was there, so contracted that it merely represented, in its connection with the front, the handle of a flat-iron set upright on its broadest end. This handle stood at the bottom of a wilderness of court and alley, which wilderness pressed so hard and close upon the Six Jolly Fellowship-Porters as to leave the hostelry not an inch of ground beyond its door. For this reason, in combination

with the fact that the house was all but afloat at high water, when the Porters had a family wash, the linen subjected to that operation might usually be seen drying on lines stretched across the reception rooms and bedchambers.

The wood forming the chimney-pieces, beams, partitions, floors, and doors, of the Six Jolly Fellowship-Porters, seemed in its old age fraught with confused memories of its youth. In many places it had become gnarled and riven, according to the manner of old trees; knots started out of it; and here and there it seemed to twist itself into some likeness of boughs. In this state of second childhood, it had an air of being in its own way garrulous about its early life. Not without reason was it often asserted, by the regular frequenters of the Porters, that when the light shone full upon the grain of certain panels, and particularly upon an old corner cupboard of walnut-wood in the bar, you might trace little forests there, and tiny trees like the parent tree, in full unbragous leaf.

The bar of the Six Jolly Fellowship-Porters was a bar to soften the human breast. The available space in it was not much larger than a hackney-coach; but no one could have wished the bar bigger, that space was so girt in by corpulent little casks, and by cordial-bottles radiant with fictitious grapes in bunches, and by lemons in nets, and by biscuits in baskets, and by the polite beer pulls that made low bows when customers were served with beer, and by the cheese, in a snug corner, and by the landlady's own small table in a snugger corner near the fire, with the cloth everlastingly laid. This haven was divided from the rough world by a glass partition and a half-door, with a leaden sill upon it for the convenience of resting your liquor; but, over this half-door the bar's snugness so gushed forth, that, albeit customers drank there standing, in a dark and draughty passage where they were shouldered by other customers passing in and out, they always appeared to drink under an enchanting delusion that they were in the bar itself.

For the rest, both the tap and parlor of the Six Jolly Fel-
