ByrdVisLab_SROP_www.zip

Name	Size
css	533 650
fonts	147 862
images	294 228
js	84 368
ByrdVisLab_SROPTemplate.html	16 756

Unzip ByrdVisLab_SROP_www.zip to your www folder

If you do not have a www folder create on a new folder and name it www (this is where all of your web files will be stored

Open **ByrdVisLab_SROP_Template.html** in Ultra Edit

Save the file as index.html:

- Click on File
- Select Save As
- Save the file as index.html

Notes:

- You are saving a copy of the original file as index.html so you will have a copy of the template if you need to refer back to it later
- Renaming the file index.html tells the web browser this is your home page. All other pages for your website will link from this page.
